# Advent's Gift: The Nature of God's Love

The Essence  
of God's Love

## God IS Love

Love originates from  
God; it is not  
something we create,  
but a gift we receive.

## An Unconditional Gift

God's love is freely given  
and unchanging, not  
an emotion that fades  
or a reward earned.

## Love in Action

God demonstrated His love  
by sending His son into  
the world that we might  
live through him.

## Love Made Manifest

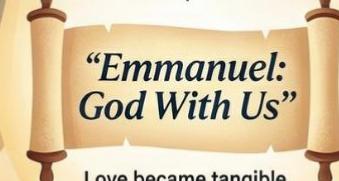

### Love Arrived in Humility

The greatest gift  
came in poverty and  
tenderness, not in a  
palace with privilege.

### Revealed in a Manger

God's boundless love was  
made present in the fragile  
form of a child, in the  
lowest place.

***"Emmanuel:  
God With Us"***

Love became tangible  
and reachable, not  
distant or abstract.

Our Response  
to Love

## Live as a Reflection of His Love

Advent continues as  
we share that love  
through kindness,  
patience, and  
generosity.
